

*Aime,*

*I don't think you fully understand how much I love you. You're such a lovely guy - respectful, sweet, caring, and honestly the cutest soul I've ever connected with.*

*You make love feel safe.*

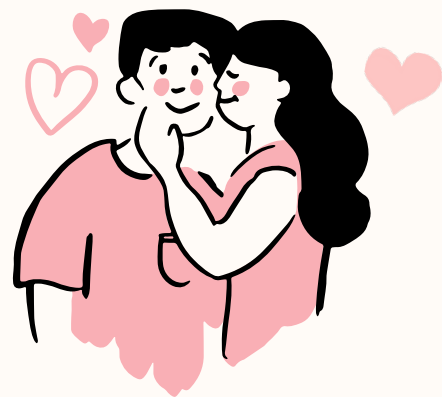

*You make me feel good.*

*You make my heart feel understood.*

*I love the way you talk, the way you think, the way you care in those little ways you don't even notice. I love the softness you carry, the warmth in your energy, the honesty in your intentions.*

*And Tanuj... I know life won't always feel exciting.*

*Life will get mundane. There will be years where fewer people are around us to listen, to check in, to share our daily stories. But that's what makes having a partner so special.*

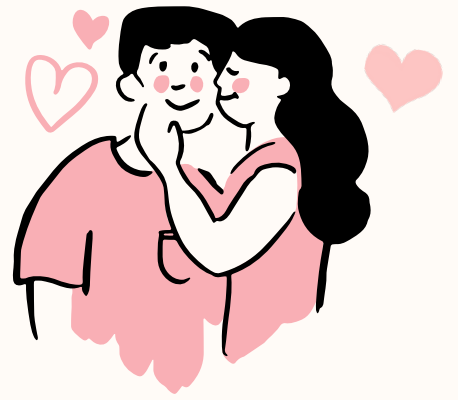

*To be with someone is to let them witness your life - your quiet days, your messy days, your simple days, your beautiful days.*

*I want to be that witness for you. I want to be the person who listens to all the small things you say... all your overthinking... all the complicated thoughts that run in your mind.*

*I love hearing your voice, your ideas, your worries, your excitement - all of it.*

*I love when you come and talk to me even during your busy schedule. I love when you try to meet me during your office hours. I love the way you talk, the way you show your effort, the way you make me feel chosen.*

*Your efforts may be small to you, but they mean a lot to me. And I hope they grow. I hope they become stronger, steadier, deeper.*

*I hope you stay loving like this forever, and even more. I love you so much, Tanuj - more than I know how to express, but I hope someday every part of my life shows you that.*

*I want us to grow, slowly and beautifully, into something that lasts a lifetime.*

*Forever yours,  
Abinaya*
