

Dearest Tanuj,

I've been wanting to write you a handwritten letter for a long time... so here it is. I keep wondering how did I fall for you this deeply, and I don't think there is one moment or one reason. It just happened very quietly, naturally and steadily. Somewhere between your calm voice, your softness and the way you exist, I changed in a good way.

You made me feel the love in a safe way. You are such a sweet, soft soul and I hope you never stop being that. I love you with all my heart in a way that feels warm, steady and real!

Right now, all I want to do is to hug you so tight, like words don't matter at all. I just wanna pour all my love into kisses.

Thank you for being you.

Thank you for finding me.

Love you to the moon and back ☺

Yours lovingly,

Yours Bee. ♡
